News in the NEST
Eagle's Nest High School

FROM THE DIRECTOR'S DESK

Dear Eagles

We trust the Lord that you are doing well and making a difference in the community.

We as Eagles have a monthly prayer calendar, "Prayer in the Nest", which has the prayer requests for every day. Thank you to all our teachers, students and parents who take hands in prayer.

Parents are welcome to come and pray every Monday from 06:45 to 07:15 in Sir Mac's office. We intercede for the school, the community, teachers, learners, etc.

ACSI Prayer Hour: 21 April, 14:00-16:00

Please join us and other Christian schools across South Africa. We will reflect on how God restores what is broken. God calls us to lead with compassion, forgiveness and mercy. (ACSI stands for Association of Christian Schools International).

Outreaches

Reaching out is one of the 3 pillars of Eagle's Nest (Mat.29:18). Thank you for your prayers for our teachers and students who joined us on the Zimbabwe outreach to Makesure, 50km North-West of Chingoyi.

It was a unique experience for the outreach team of 30. We visited The Eagle Foundation Pre-school, and assisted in planting sweet potatoes and ground nuts at Makesure's location where we were camping. Makesure's daughter, Maria accompanied us to her community. We visited 3 pre-schools and we had the opportunity to share the good news

of Christ with 2 groups of teachers. We had the privilege to hand out Gideon Bibles and share the Word of God to the teachers and principals.

We thank the drivers who brought our team back safely, and driving reliably through potholes, gravel roads and wet roads.

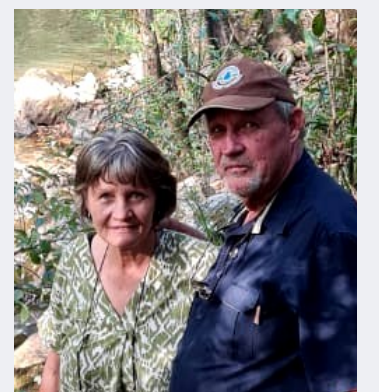

Parents can encourage their children to go on outreaches. It renews their mindset and way of thinking. It will equip them for the future.

Foundations for Farming

Foundations for Farming was involved in the AgriExpo at The Ranch. After the Expo a lot of doors have opened for farming training. Tr Chané, Sir Isaac, Sir Timothy and Sir Pumulani are all qualified in in-depth training. We received invitations to Vembe, Tzaneen, Mokopane and Tohoyando for training

Parents who are interested in training can contact us at fff@encs.co.za

May we, as the Eagle team have an awesome quarter together. We pray the Lord bless every one in the Eagles family and that they will experience God's love for them.

In His Service
Dr Mac van den Berg

From the Principal's Desk

The Eagles team is ready and energized for the season ahead. Term 1 passed swiftly, and our learners have now found their rhythm as they step confidently into Term 2. Activity is alive across our campus — from the soccer fields to the volleyball and netball courts, and within our classrooms where meaningful learning continues to unfold.

Each lesson brings new insight and growth, while every assessment deepens understanding and builds confidence. At the heart of it all, our Christ-centred approach to education remains our guiding light. It is deeply fulfilling, as it nurtures not only the intellect but also the soul, shaping well-rounded individuals grounded in purpose and faith.

So, my dear brothers and sisters, be strong and immovable. Always work enthusiastically for the Lord, for you know that nothing you do for the Lord is ever useless. 1 Corinthians 15:58

Parent Consultation and Term 1 Report Collection

Assessment is a continuous and carefully planned process of identifying, gathering, and interpreting information about learner performance. Throughout Term 1, learners completed a range of tests and tasks across their subjects, and these results have been compiled into their school reports.

Parents are invited to collect these reports on Friday, 17 April, in the presence of their child. This meeting is more than just a report collection—it is a vital opportunity for meaningful engagement between parents, teachers, and learners. Through open discussion, all stakeholders can gain a clear understanding of the learner's progress, strengths, and areas needing support.

Such collaboration is essential, as it allows for the development of targeted intervention strategies to support each learner's academic growth. When parents and teachers work together, it strengthens accountability, encourages learners, and ultimately contributes to improved performance and holistic development.

Sports and Clubs

A healthy body supports a healthy mind, and for this reason, we strongly encourage every learner to participate in sports and cultural activities. Involvement beyond the classroom not only promotes physical well-being but also builds discipline, teamwork, confidence, and a sense of belonging.

Our learners are actively engaged across a wide range of activities. The soccer, netball, volleyball, and tennis teams are proudly competing in league fixtures, while our debate team continues to excel, reaching national-

SA Computer Olympiad Talent Search

Learners at Eagle's Nest Christian School actively participated in the SA Computer Olympiad Talent Search, which took place during Term 1 from 9 to 14 March 2026.

The programme was facilitated by Sir Lucky, the school's CAT teacher, and was open to learners in the FET phase. Participation was compulsory for all learners taking Computer Applications Technology (CAT), resulting in a total of 49 learners taking part in this prestigious competition.

The SA Computer Olympiad Talent Search aims to identify and develop learners' problem-solving and computational thinking skills. Learners who achieved outstanding results were awarded Gold certificates, and only these top performers will advance to the next round.

The second round of the competition is scheduled to take place in Term 2, from 4 to 8 May 2026. The school looks forward to seeing its learners continue to excel and represent Eagle's Nest with pride.

level competitions. Creative and intellectual talents are equally nurtured through our music band, choir, worship dance, chess, and table tennis clubs.

Meanwhile, the journalism club plays an important role in documenting and sharing the life of our school community.

Participation in these programmes is an essential part of holistic development, helping learners discover their gifts and grow in character. We warmly invite parents to join us for our high school sports day on 25 April, as we celebrate the energy, talent, and spirit of our learners.

Staying Prepared for Every Activity

Parents are kindly encouraged to regularly check that their children are fully equipped for both academic and extracurricular activities. Teaching and learning can be significantly disrupted when learners come to class without the necessary stationery.

Please ensure that stationery packs are consistently replenished, replacing items such as pencils, pens, erasers, and calculators as they are used up or misplaced. Being well-prepared enables learners to participate confidently and make the most of every lesson.

In addition, proper sports attire-including sportswear, takkies, and socks-should be checked regularly to maintain a high standard of neatness and readiness for all activities.

Prayer

Prayer remains our lifeline and a source of strength for our school community. We invite parents to stand with us in prayer as we commit all Term 2 activities across sports, culture, and academics into God's hands.

Learners are scheduled to begin their mid-year examinations on 1 June, and we ask for continued prayer for focus, diligence, and success during this important period. We also request your prayers for our outreach team, who will be travelling to Zambia shortly after the school closes, that their mission may be impactful and guided every step of the way.

May the Lord bless you and keep you in His perfect peace.

Your feedback, suggestions, or concerns are valuable to us. Feel free to reach out directly to the principal at principalhigh@encs.co.za

Blessings

Sir Isaac Manamike

Grade 8 Orientation Camp 2026

The Grade 8 Orientation Camp at Eagles Nest Christian School took place from Friday, 16 January to Sunday, 18 January 2026. The camp served as a meaningful introduction for the new Grade 8 learners as they began their high school journey.

The Grade 8 group is made up of three classes: Grade 8C (33 learners), led by register teacher Sir Abraham and Assistant Sir Moses; Grade 8F (28 learners), under the guidance of Sir Mike and Assistant Teacher Linkie; and Grade 8G (30 learners), led by Sir David with Assistant Sir Jeremiah. Each class represents one of the school's sports clubs: Crown (red), Fish (blue), and Gold (yellow), all symbolising different types of eagles and fostering a sense of identity and unity among learners.

Although the weekend's heavy rainfall prevented many of the planned outdoor games, the camp remained a rich and impactful experience. A variety of guest speakers contributed to a spiritually uplifting programme. The camp opened with Dr Mac van den Berg, who shared the history and vision of the school. Sir Pumulani Magama introduced learners to the school's outreach ministry, which offers opportunities for two international trips each year.

On Saturday, learners engaged in informative sessions led by Teacher Martha and Sir Gwashure, who

addressed topics such as relationships and the school's dress code. Sir Eon Louw explained the disciplinary system and the importance of roll call, while the High School Principal, Sir Isaac Manamike, presented the school's policies. The day concluded on a powerful note with a message from Pastor Sfiso from 3C, creating a deeply spiritual atmosphere.

As Sir Eon Louw described it, the camp was truly "spirit-filled," with several learners making the life-changing decision to give their lives to Jesus Christ.

Despite the weather, learners still enjoyed indoor games in the hall, as well as well-structured breaks, including time at the tuckshop, lunch, and supper, which contributed to a balanced and enjoyable programme.

The camp concluded on Sunday with a church service led by Dr Melanie de Villiers, followed by the meaningful bell-ringing ceremony, led by Sir Mac and Sir Isaac. This symbolic moment marked the official welcome of the Grade 8 learners into the high school community.

Overall, the Grade 8 Orientation Camp was a memorable and impactful experience, laying a strong spiritual and social foundation for the learners as they begin their journey at Eagles Nest Christian School.

POETS IN THE NEST

"More Than Just a Day"

It started as a simple plan,
"Let's help," the teacher said,
So we brought clothes and canned-up food,
And loaves of daily bread.

But something changed inside of us
As we gave what we could,
We saw that helping isn't hard—
It just feels right and good.

We spoke to those we'd pass before,
But never stopped to see,
Now names replaced the "them" and "they,"
They mattered just like me.

It's more than just one outreach day,
Or ticking off a list,
It's choosing love in what we do—
In moments we might miss.

Because a heart that learns to give
Won't stay the same again,
It grows in grace, in kindness too,
And reaches out to mend.

- Tr Alicia Da Gama

"Small Hands, Big Love"

We packed the boxes after school,
With bread and soap and care,
Not much to some, but everything
To those with little there.

Our uniforms still dusty,
Our laughter filled the air,
But in between the jokes we made,
We knew why we were there.

A smile passed from child to child,
A prayer said soft and low,
We didn't have to change the world—
Just help one heart we know.

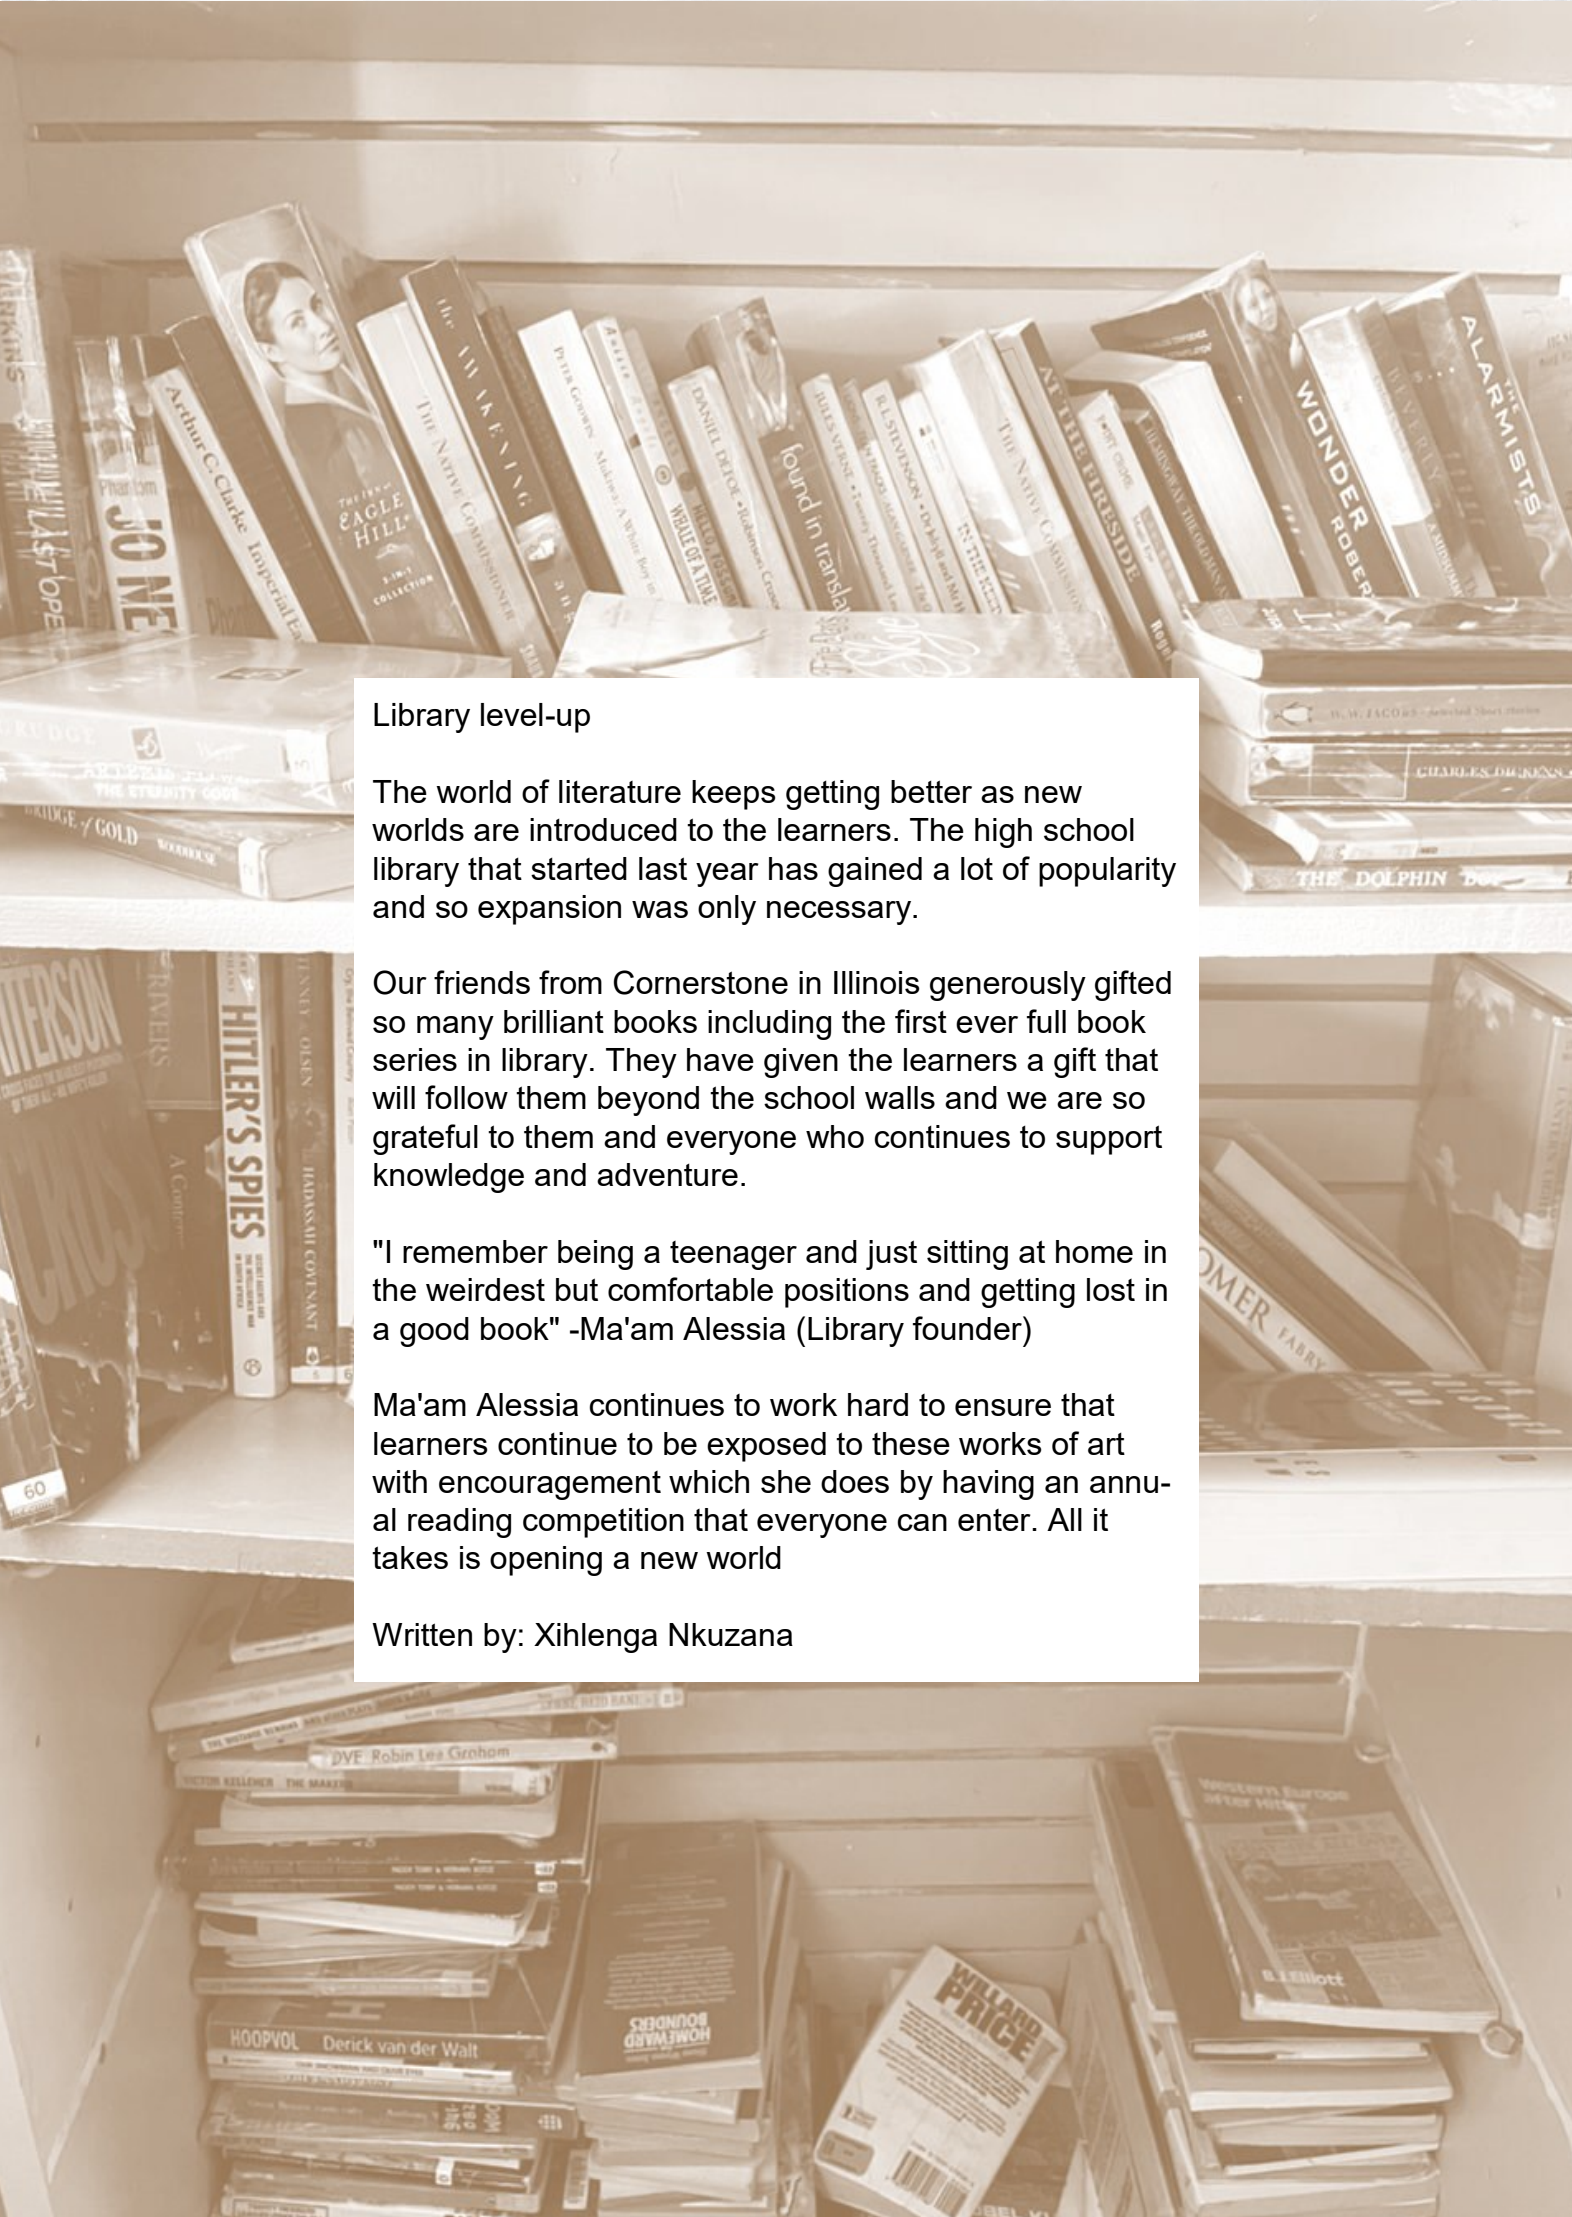

Because it's in the little things,
A meal, a hug, a smile,
That God works through our willing
hands
And walks with us each mile.

- Tr Cindy Kruger

A special thanks to the journalism club who keep us updated on everything Eagle-related on the social platforms, Facebook and Instagram! You make the Eagle team very special. Thank you.

MEET THE NEW GRADE 8'S

Library level-up

The world of literature keeps getting better as new worlds are introduced to the learners. The high school library that started last year has gained a lot of popularity and so expansion was only necessary.

Our friends from Cornerstone in Illinois generously gifted so many brilliant books including the first ever full book series in library. They have given the learners a gift that will follow them beyond the school walls and we are so grateful to them and everyone who continues to support knowledge and adventure.

"I remember being a teenager and just sitting at home in the weirdest but comfortable positions and getting lost in a good book" -Ma'am Alessia (Library founder)

Ma'am Alessia continues to work hard to ensure that learners continue to be exposed to these works of art with encouragement which she does by having an annual reading competition that everyone can enter. All it takes is opening a new world

Term 1 Athletics Season

Term 1 at Eagle's Nest Christian School kicked off with great energy as learners and staff participated in an exciting Athletics season filled with competition, teamwork, and school spirit.

The season began with the Interhouse Athletics event held at Peter Mokaba Stadium on 23 January 2026. The school's three club houses—Crown (red), Fish (blue), and Gold (yellow)—competed fiercely against one another. While Crown took an early lead, the competition intensified as the day progressed, with Fish ultimately claiming victory, followed by Gold in second place and Crown in third.

"Surely he took up our pain and bore our suffering, yet we considered him punished by God, stricken by him, and afflicted. But he was pierced for our transgressions, he was crushed for our iniquities; the punishment that brought us peace was on him, and by his wounds we are healed."

A group of Americans came to visit from Cornerstone Christian High School. They spent a week in class as if they were part of our school's learners. They got to experience the South African culture before they went on the outreach to Zimbabwe with our learners.

The event ran smoothly and was enjoyed by all. Learners proudly wore T-shirts representing their respective house colours along with their sports uniforms, while teachers added excitement by creatively dressing according to their house colours. The award for best dressed went to the Gold house, with Teacher Alicia Da Gama standing out for her creativity.

A highlight of the day was the teachers' relay race, which brought laughter and excitement as learners cheered from the sidelines. Gold emerged victorious once again, with Sir Clifford leading the team to success. The event also featured a lively tuckshop, ensuring learners stayed energised throughout the day.

Top-performing learners advanced to the Independent Athletics Competition held on 30 January at Hoërskool Tom Naudé, hosted by Mitchell House. This highly competitive event featured five schools, including Stanford Lake College, which secured first place, PEPPS Polokwane in second place and winner of the Spirit Cup, Curro Heuwelkruin in third, and the host school in fourth.

Despite strong competition, the Eagles showed determination and resilience, finishing in fifth position overall. A standout moment was Lethabo Mulaudzi breaking the Under-19 200m record — an outstanding achievement that reflects the dedication and talent within the school.

Learners who earned gold, silver, and bronze medals progressed to

Circuit level, with some advancing further to Cluster competitions. Five learners qualified for the District level; although they did not advance to Nationals, their efforts and commitment remain commendable.

We are incredibly proud of all our athletes. Their hard work, perseverance, and sportsmanship were evident throughout the season. They truly represented the spirit of Eagle's Nest Christian School with excellence and determination.
- Tr Didi

Below: Athletes who proceeded to cluster, district and provincial levels.

We were also privileged to be part of the beginnings of a new initiative, the Eagles Foundation School. This developing school represents hope and opportunity for many children in the community, and it was both humbling and inspiring to contribute to something that will continue to impact lives for years to come.

Each day was anchored in intentional reflection as we studied the life of Daniel during our devotions. His example of courage, discipline, and unwavering faith in unfamiliar environments deeply resonated with both learners and staff. It challenged us to consider how we, too, can stand firm in our values and live with purpose, even when we are far from what is comfortable or familiar.

This outreach was more than just a trip, it was a journey of growth, connection, and purpose. Our learners returned with not only meaningful memories, but also a deeper sense of compassion, gratitude, and responsibility toward others.

We are grateful for the opportunity to serve and to be part of such impactful work. Experiences like these continue to shape hearts and inspire a generation that is willing to lead, serve, and make a difference.

By Tr Kwena

Over the March school holiday, a group of our high school learners had the incredible opportunity to be part of a meaningful outreach trip to Zimbabwe, an experience that left a lasting imprint on both their hearts and perspectives.

Our team departed with 15 learners, 8 staff members, and 7 members from the Cornerstone Christian Academy in USA, coming together with a shared heart to serve, connect, and grow. Our journey took us to Kanyaga, where we were warmly welcomed by Uncle Makesure and his family, whose generosity and dedication to his community set the tone for our entire visit.

Working alongside our host Uncle Makesure, we reached out to the local community, spending time at the local school where our learners connected with local children through walking 7km to the school, activities, encouragement, and shared moments of joy. These interactions reminded us that meaningful impact often comes through simple acts of presence, kindness, and openness.

IEB Awards Presented to Grade 10 Learners

Academic excellence continues to be recognised and celebrated. This term, Grade 10 learners were honoured for their achievements in the Independent Examinations Board (IEB) examinations written during their Grade 9 year.

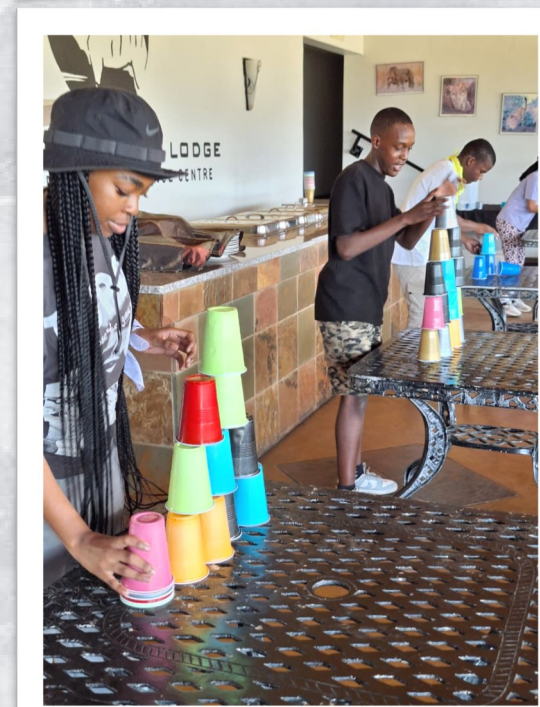

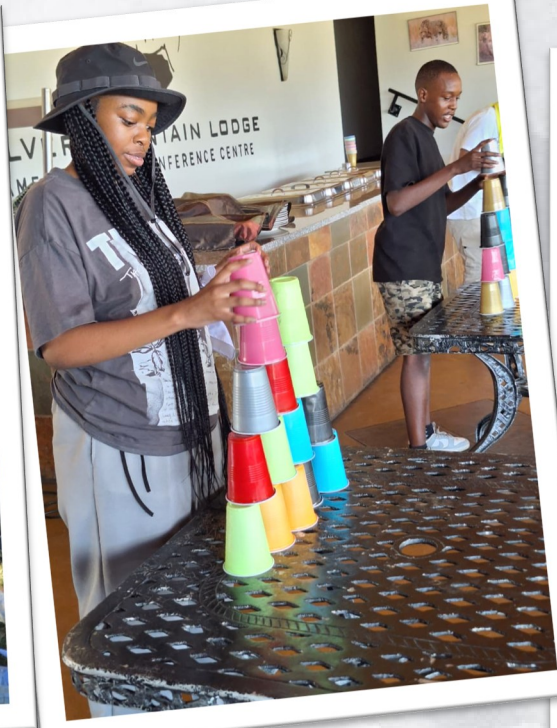

In Grade 9, learners complete IEB assessments in Mathematics and English. Those who achieved commendable results were awarded certificates in recognition of their hard work and dedication. Some learners received awards for excellence in English, while others were recognised for their strong performance in both Mathematics and English.

These certificates are presented the following year, once learners have progressed to Grade 10, making the occasion a proud moment that reflects their previous academic efforts and consistency.

The school congratulates all award recipients for their commitment to their studies and encourages them to continue striving for excellence in their academic journey.

Our choir continues to grow in strength and unity as we dedicate time to regular rehearsals and preparation for upcoming events. Each practice session is an opportunity for us to refine our voices, strengthen our harmony, and deepen our shared purpose of worship through music.

Recently, our choir had the wonderful opportunity to sing at the Foundation for Farming, where educators and visitors gathered. It was a meaningful moment for us to use our voices to uplift and inspire everyone present. Through our songs, we expressed gratitude, faith, and the joy that comes from praising God together.

A special highlight was welcoming a group of visitors from America. We greeted them warmly and shared our music with them, creating a

moment of connection that went beyond language and culture. Our songs served as a bridge, bringing people together in worship and fellowship.

Moments like these remind us why rehearsals are so important. Preparing together allows us to be ready for every opportunity to serve, encourage others, and glorify God with our harmonious voices.

As we continue practicing and preparing for future events, we look forward to many more occasions such as reaching out to churches where our choir can share the gift of music, spread joy, and worship God as one united voice.

By Tr Kgwerano

Debate details

The Bible tells us that words are powerful and the high school debate club is proof of this. It is a space where learners are all given a chance to voice their views and opinions about everyday matters. Skills like listening, comprehending and managing time are developed and used to argue in a sophisticated way.

This term the learners competed in many competitions from Mayor's Cup to PDL with ideas in their heads and God in their hearts. They also competed in the Consumer Rights Debating Competition and the SAPS Debate

Competition with support from their coordinators Ma'am Linkie and Sir David, their coach, Ma'am Lehlohonolo, and the rest of the school.

"It is always amazing to see learners finding their voice"- Ma'am Linkie (Debate Coordinator)

As the year goes on, it'll be amazing to see their abilities develop and hear exactly what they think. Any challenges they face can and will be conquered using reason, strength and the Lord.

By: Xihlenga Nkuzana

Love Jesus Day

At Eagles Nest Christian School, Valentine's Day is observed differently. Instead of celebrating worldly expressions of love, the school dedicates this time to honouring the love of Christ through its annual Love Jesus Day. This year, the event was held on Friday, 13 February 2026.

The day focused on the ultimate act of love demonstrated on the cross—when God gave His one and only Son, Jesus Christ, to pay the price for humanity's sins. As a Christian school, the emphasis remains on embracing and reflecting God's love rather than idolising worldly love.

Learners were allowed to dress in casual wear, with the theme centred around love. Red and white colours dominated, particularly among the primary school learners, creating a vibrant and unified atmosphere. In the spirit of giving, learners also brought along clothes they no longer wear, which will be donated during the school's outreach trip to Zimbabwe. The main event took place at the shed, offering a refreshing change from previous years where it was usually held in the hall. The programme was organised by the school prefects, with each high school grade presenting an item—ranging from singing to sharing messages from the Word of God.

The event concluded with a powerful message from guest speaker Pastor Phooko, who preached on John 3:16, a fitting scripture that highlights the depth of God's love. The programme ended at 10:00, after which learners resumed their academic activities at 11:00.

Love Jesus Day continues to be a meaningful reminder of the foundation of the school's values—faith, love, and a Christ-centred life.

Below: CAT learners visit the University of Pretoria.

Band Business

Singers, guitarists, pianists and drummers all have a special place in the school band. A club that has quickly stolen many hearts and where everyone who wants to learn to make music are welcome. Music followed Ma'am Thokozile all the way from her university days to interviewing for the school, and now she works hard with Ma'am Lelanie to produce music in the high school. Many people show support for those students in the band from inside, like Sir Eric who teaches the learners how to play the instruments, and from the outside, like Ma'am Mercy and Sir Mac who often cheer on the learners during practice.

"I don't know if there is a word for what it feels like to see learners giving their all. It is just this deep joy. Even when they are anxious and I feel their anxiety, I wish they could just trust us when we tell

them that they should have fun and they will be ok"- Ma'am Thokozile (Band Organizer)
The band performs in a way that reaches heaven everywhere they go. Some examples would be the annual music festivals and the 30th celebration that we had last year. Hearing their songs can only be described as a blessing that touches every single soul.

By: Xihlenga Nkuzana

Table Tennis Team

Hand-eye coordination is a very important skill to have, especially when a ball is coming towards you at a fast pace and you need to hit it with a paddle to the other side of the table. In Table Tennis players have to hit a ball with a paddle to the other side of a special table with a net in the middle.

A specific force is required to ensure that the ball bounces on the table before being hit with the paddle back to the other side.

After school and even sometimes during break, learners rush to room 8, excited to unfold the table and play against each other. Their practice clearly paid off when two learners qualified for Nationals after competing at the Provincial Trials in Term One.

"I enjoy it when they win and I feel so happy"- Ma'am Martha (Table Tennis Coordinator)

Thanks to their coordinators, Sir Clifford and Ma'am Martha, the team is thriving and having so much fun along the way.

- By Xihlenga Nkuzana

NETBALL

Our U/15 girls attended the circuit netball trials today at PHS. Although they did not make it to the next round, we are very proud of them.

They looked like angels on the court and showed great skill and determination.

"But those who hope in the Lord will renew their strength. They will soar on wings like eagles." – Isaiah 40:31

Thank you to the school for the support and a special thank you to Ma'amm Dinah for accompanying the girls.

CROWN MONEY MAP GAME

It outlines timeless principles of God's Word concerning money presented in a game and advancing proven Biblical solution to challenges in learners, teachers and community members lives.

ACSI World Day of Prayer

On 24 February 2026, learners and staff at Eagle's Nest Christian School joined Christian schools across the globe in observing the ACSI World Day of Prayer. This special occasion, organised by the Association of Christian Schools International (ACSI), brings together schools worldwide to unite in prayer.

To gain deeper insight into the significance of this event, a conversation was held with Grade 12 learner Mpho Mahawane, who has been part of the school for nine years. He shared a meaningful tradition that takes place each year, where the entire school gathers on the sports field to form a symbolic shape or word. In the previous year, learners formed a light bulb, representing the message that, as Christians, we are the light of the world. This year, learners formed the shape "We Pray," reflecting one of the school's core values—prayer.

The programme was spiritually uplifting, beginning with praise and worship led by the 3C Ministry, followed by a message from Pastor Sfiso. Sir Willie represented the primary school by sharing the Word of God, after which Sir Zhak explained the purpose of the day and led the school in prayer. The prayer focused on two key areas: the well-being of the school and other schools around the world.

The session concluded with a message from Dr Mac van den Berg, who encouraged the school community to pray for the growth of Christian education globally, with special emphasis on the development of the Eagle's Nest branch in Malawi. The ACSI World Day of Prayer serves as a powerful reminder of unity, faith, and the importance of prayer in Christian education. It continues to be a meaningful and impactful event in the school calendar.
